Additional Sheet at id.

Plaintiff had sustained and suffered, Plaintiff was sent to Brookwood Medical Institution... for x-rays. The X-rays determine that plaintiff has suffered a serious ACL tear... in his right knee; the injury was also later confirmed by MRI and Scanscam.... On May 17, 2017, plaintiff had partial surgery to his said knee. During this time plaintiff complained of immense pain; but was only given - to relieve such pain - Aspirins and motrin. Plaintiff, unable to still walk and stand on his own, and still in increased pain, complained to both Dr. Karen Stone and ~~Dr.~~ Anita Wilson... that stronger medication were needed. However, that request, by Corizon and Dr. Stone - was denied without medical explanation. However, a Supporting Knee-Brace was issued but later lost in the transferring process, and it was never replaced - leaving plaintiff further pain due to any attempt to walk without such brace. Since returning from the aforesaid partial surgery, and unable to walk/stand... on his own, the said Dr. Stone ordered therapy; however plaintiff only received two sessions of physical therapy - but was denied further and additional/continuance therapy - this inaction caused plaintiff more suffering of pain.

Additional Sheet at id.

Since the plaintiff's transfer from said Kilby to said Donaldson, plaintiff, during his entire stay.... Continued complained, to both Medical Staff doctors as well as to Corizon's Medical personnel (who contracts with ADOC, medically) about the seriousness of pain he has, and still is suffering due to the lack and denied adequate and proper surgery to repair the severe damage sustained in the aforesaid knee. But, ... Any proper, medically, corrective action - has not been afforded and has been grossly neglected.... Plaintiff is thus and currently experiencing tremendous pain in the right knee area, and is being forced to move about on simply - a cane. Surgery is needed - to relieve the pain; while physical therapy is pre-surgery necessary.
